Preparation Checklist for New Installation

Thank you for your recent purchase with Cape Cod Custom Floors. We value your business and your home and we want to ensure that your installation goes as flawlessly as possible.

To be sure your experience with Cape Cod Custom Floors continues to be positive, please make certain that the following items have been addressed prior to our professional installer's arrival.

- *Remove all small furnishings, and any easily breakable or valuable items.*
- *Remove all bed linens*
- *Clear closet floors and any low hanging garments.*
- *Disconnect the wiring from all phones, entertainment centers and computers.*
- *Remove artwork from the walls*
- *The room must be at a consistent temperature of 65 degrees or above for 48 hours before and after installation.*

Please Note: Our installers are not professional movers and are not trained to move computers or any electronic equipment. We cannot be held responsible for any damage to furniture that was not moved prior to our arrival. Be sure to make special arrangements in advance for moving pianos, pool tables, waterbeds, antique furniture, exercise equipment, or anything extra ordinarily heavy.

Should you have any concerns during the installation, please don't hesitate to contact the office.

Final payment of your balance is due on the completion of the installation. Our installer will have a final bill for you, if you will not be home during your installation, please contact the office prior to the day, to arrange payment.

Thank you for choosing Cape Cod Custom Floors, we hope that your experience with us has been an excellent one.
